

Product Data Sheet

SG 4/4 (240V)

Deep steam cleaning without detergents.

The SG 4/4 provides thorough, deep and hygienic cleaning without the use of detergents. With steam pressure of 4 bar and a 4 litre tank, the SG 4/4 is highly effective and productive. It is ideal for use in a variety of environments, where fast, hygienic cleaning is a necessity. The SG 4/4 is very simple to use, heats up quickly and can be used continuously thanks to its two-tank system. With a wide range of accessories, the machine is equally suited to detail work around kitchen appliances and bathroom fittings as it is to cleaning floors and walls.

See website for details

Features and Benefits:

- 4 litre, two-tank system minimises heating up time and allows for continuous operation and any-time top-up
- Variable control of moisture content, from steam to hot water jet
- Compact design and low weight of 8 kg makes operation in tight spaces easy and reduces storage space
- Fully insulated rust proof aluminium steam boiler keeps the heat in
- Ergonomic handle and protective design, enables easy transportation and protects it from knocks
- 1SG 4/4 (hard floor nozzle, 30 cm/sec., maximum steam pressure, minimum VapoHydro) Test-germ: Enterococcus hirea ATC 10541

Accessories

Standard accessories

Steam hose with handle
